

【SEMICON West (Dec. 7-9, 2021) First Exhibit Notice】

We exhibit at SEMICON West (Dec. 7-9, 2021) for the first time.

The event is hybrid that combines in-person and virtual.

Our booth is virtual but is staffed during the event hours.

The exhibition will include

- Nanomachining/Ultra-high Sensitive Sensing/Smart Materials
- Micro/nano Systems for Robot Control and Advanced Communication
- Micro/nano Systems for Optics and Biomedical
- Open facility "Hands-on-access fab."

We welcome you to visit our booth!
