

FRAUNHOFER INSTITUTE FOR ELECTRONIC HARD SYSTEMS ENAS

CUSTOMIZED PRINTED BATTERIES

カスタマイズしたプリントバッテリー

- low thickness
- high flexibility
- low price
- high layout variability
- environmentally friendly

In Cooperation with:

CUSTOMIZED RADIO FREQUENCY ANTENNAS

特注RFアンテナ

- application oriented antenna
- (monopoles, dipoles, patches, arrays)
- roll-to-roll screen and gravure printing, sheet-to-sheet
- and roll-to-roll inkjet substrates
- printing on different rigid and flexible substrates (polymers [PET, PEN, ...], papers, textiles, sheet metal)

In Cooperation with:
